### The Only Fool

You might fool somebody sometime  
Someone else a time or two  
But there's only one you can fool forever babe  
I'm the only fool for you  
There's a rumor that you don't want me  
But I know it can't be true  
I wonder who they think they're fooling  
I'm the only fool for you  
I know you're only teasing  
So go out and have your fun  
You'll come running back to me  
When all is said and done  
Oh baby  
What you trying to do  
I wonder who you think you're fooling  
I'm the only fool for you  
It hurts to see you with him  
And to think that you don't care  
I can see his arms around you  
When it's mine that should be there  
Holding you babe  
What's a poor man supposed to do  
I wonder who you think you're fooling  
I'm the only fool for you  
I'm the only fool for you

### She Reminded Me of You

Baby I got drunk last night  
Yeah I know it ain't right  
But sometimes my life just feels like such a mess  
I don't mean to cause you pain  
I just wanted to explain  
And get this little heartache off my chest  
Well you know how one thing leads to another  
And you lose yourself in the lure of something new  
I tried baby I tried but there was nothin' I could do  
She was so beautiful She Reminded Me Of You  
Don't know how she could have known how much I like Patron  
But she poured me a glass while we sat by the window where the warm night breeze blew  
We sipped it slowly like champagne while outside a Mexican band played some sweet refrain  
And little by little my interest grew and grew  
Well you know how one thing leads to another  
And you lose yourself in the lure of something new  
Tried to make my escape  
Then she peeled me one more grape  
She was so beautiful She Reminded Me Of You  
Now the boys in the band - they all understand  
They know that sometimes these things can get out of one's control  
But I'll bet you a peso - hell, make it a dime - if you give him some time  
God will grant you relief from the torment in your soul  
Well you know how one thing leads to another  
And you lose yourself in the lure of something new  
Tried to make my getaway

### Thirteen Feet of Rain

I stand by and watch the water  
I hope and pray in vain  
'Cause I know now I have lost her  
Under Thirteen feet of rain  
Everything I ever cared for  
Every heartbreak every pain  
It's all buried down there with her  
Under Thirteen Feet of Rain  
I walk the streets of my dry city  
With a pounding in my brain  
My mind's drowning down there with her  
Under Thirteen Feet of Rain  
How I cried the day I lost her  
I still cry, cry, cry in vain  
How I wish that I could join her  
Under Thirteen Feet of Rain  
I stand by and watch the water  
I hope and pray in vain  
How I wish that I could join her  
Under Thirteen Feet of Rain  
How I wish that I could join her  
Under Thirteen Feet of Rain

### Fabulous

Say hello and shake his hand  
Bask in the glow and understand  
Fabulous - Fabulous  
He's got the hair, he's got the look  
His savoir-faire will get you hooked  
On Fabulous - Fabulous  
Mr. Fabulous has come to stay  
So make him feel at home  
Mr. Fabulous will win the day  
It's just not fair all you want  
Is to be Fabulous - Fabulous  
Mr. Fabulous has come to stay  
So make him feel at home  
Mr. Fabulous will win the day  
But how strange - he has nothing to say  
He stands so tall, he's so genteel  
Makes you feel so small when all you want is to feel  
Fabulous - Fabulous  
Mr. Fabulous has come to stay  
So make him feel at home  
Mr. Fabulous will win the day  
But how strange - he has nothing to say  
Yes how strange - he has nothing to say  
Mr. Fabulous

### In Love With Love

Time and time again I track you down so I can walk with you  
And every chance I get I try to call so I can talk with you  
You may think that I'm a fool to carry on this way  
I know I'm no genius - you think I'm uncool  
I'll buy a little car so maybe you and I can get away  
I'll buy a little house where we can be together every day  
You may think that I'm a fool to carry on this way  
I feel like our romance fits me like a glove  
I wonder could I be the guy that you've been dreaming of  
I wonder if I'm just In Love With Love  
I'll get a job so I can pay for all the games you like to play  
I'll send you roses every day and hope that you will want to stay  
You may think that I'm a fool to carry on this way  
I wonder if you'll want me when push comes to shove  
I wonder if I'll be the guy that you'll be dreaming of  
I wonder if I'm just In Love With Love  
I wonder if I'm just In Love With Love  
I wonder if I'm just In Love With Love

### Aveline

Our two paths crossed and I got lost  
In love with Aveline  
Somehow I fell - she cast a spell  
I longed for Aveline  
With her hair of golden brown  
Eyes of emerald green  
Got off my track but still went back  
For more of Aveline  
And soon I found my life was bound  
And tied to Aveline  
I lost my will - lived for the thrill  
Got high on Aveline  
With her hair of golden brown  
Eyes of emerald green  
I once stood tall but now I crawl  
I'm hooked on Aveline  
I've lost control - I've sold my soul  
I live for Aveline  
She's in my blood - I need a flood  
Of love from Aveline  
With her hair of golden brown  
Eyes of emerald green  
It's her I crave - I'll be her slave  
I'll die for Aveline  
So don't say no - don't let me go  
I need you Aveline

### Say You'll Stay

They tempt and they tease you  
They take you right in  
They turn and deceive you  
Then caress you again  
They stick you like needles  
They prick you like pins  
Words are the weapons  
The battle begins  
I know words aren't worth much  
And I know talk is cheap  
And promises between us  
Are sometimes hard to keep  
Say You'll Stay  
Say You'll Stay  
You can wound with a whisper  
You can soothe with a sigh  
You can tell me you're leaving  
You can tell me you'll try  
I know words aren't worth much  
I know talk is cheap  
And promises between us  
Are sometimes hard to keep  
Say You'll Stay  
Say You'll Stay  
I know broken spirit  
I know wounded pride  
But do words have the power  
To steal you from my side  
We've talked 'til we're tongue tied  
We're broken in two  
But there's still one more thing  
I need you to do  
Say You'll Stay  
Say You'll Stay

### Everything

I want a new car  
I want a new boat  
I want a new hat  
I want a new coat  
I need a new look  
I need a new style  
I want a new face

I want a new Everything  
And I want it now  
I want a new Everything

And how  
I want out of the red  
Wanna get me some green  
Wanna wear the new black  
When I hit the new scene  
I want a new phone  
With a brand new ring  
With a big fat stone  
For my brand new fling

I want a new Everything  
I want a new Everything  
I want a new Everything  
And I want it now  
I want a new Everything  
I want a new Everything  
I want a new Everything  
And how

### Up For Grabs

I take the train to my job in the city  
Squeeze into my cubicle - I'm sittin' pretty  
Not one happy face on the whole damn floor  
I wonder what the hell I'm doing it for  
Sometimes it feels like my life is Up For Grabs  
I take the same train to get home at night  
Walk ten blocks and up five flights  
My kids are watching adult TV  
My mother-in-law's visiting from Canarsie  
Sometimes it feels like my life is Up For Grabs  
Hold me now baby I'm Up For Grabs  
Squeeze me my darling I'm Up For Grabs  
That mound of paper that sits on my desk  
I approach it like it's a hornet's nest  
My boss marches in - he's such a sweaty thing  
Then the goddam phone begins to ring  
Sometimes it feels like my life is Up For Grabs  
Hold me now baby I'm Up For Grabs  
Squeeze me my darling I'm Up For Grabs  
My how the time flies it's six A.M.  
Get up get dressed do it all over again  
Choo-choo train go clickety clack  
My sleepy head stuck on an aching back  
Sometimes it feels like my life is Up For Grabs  
Hold me now baby I'm Up For Grabs  
Squeeze me my darling I'm Up For Grabs

### Dreaming

Children are playing a game in the sand  
Lovers are walking hand in hand  
They look as happy as happy can be  
But you can't believe all you see  
Wildflowers blooming - the green grass is long  
Songbird is singing his wordless song  
They say that springtime always follows the cold  
But you can't believe all you're told  
Tell me I'm Dreaming, Dreaming  
Come wake me up with a kiss, tell me it's just a dream  
We were together so happy and free  
The world was spinning just for you and me  
We were on fire, it felt so real  
But you can't believe all you feel  
Tell me I'm Dreaming, Dreaming  
Come wake me up with a kiss, tell me it's just a dream  
I read your letter again and again  
Those parting words that always do me in  
I know some wounds can take time to mend  
But I can't believe it's the end  
Tell me I'm Dreaming, Dreaming  
Come wake me up with a kiss, tell me it's just a dream  
Tell me I'm Dreaming, Dreaming  
Come wake me up with a kiss, say it's only a dream

### Harsh Light

I lay my head atop my bed  
I pray for sleep - can't get no relief  
All I get is a Harsh Light shining on me  
Shining on me  
Ain't I forlorn as I greet the new morn  
Ain't I a case as I wash my face  
Whatever happened to the sweet sunshine  
Yours and mine  
All that's left is this Harsh Light shining on me  
Shining on me  
Not very far is this little past its prime bar  
I always go there to think - but what I do there is drink  
And try to block out that Harsh Light shining on me  
Shining on me  
So let me propose a toast to that sweet girl's ghost  
A little bit of cheer and then I'm out of here  
Whatever happened to the sweet sunshine  
Yours and mine  
All that's left is this Harsh Light shining on me  
Shining on me  
Can't rub your goodbyes out of these bloodshot eyes  
I guess I get what's coming to me  
For giving myself the third degree  
Whatever happened to the sweet sunshine  
Yours and mine  
All that's left is this Harsh Light shining on me  
Shining on me  
Shining on me  
Shining on me  
(Shine shine shine)  
(Shine shine shine)
